2 August 2010

**SKYWEST AIRLINES LTD**  
("Skywest")

**CADET PILOT TRAINING PROGRAM**

Skywest is the major airline servicing all major airports and population centres of Western Australia. Skywest's operational base is in Perth, Australia with a substantial airline network services from Perth. Skywest wishes to advise on a new Cadet Pilot Training Program to support the airline's expanding operations.

The Cadet Pilot Training Program has been developed in partnership with Altara Training and Ansett Aviation Training based in Melbourne, Victoria. The program will offer a limited number of successful applicants a career path into Skywest Airlines as a Fokker 50 pilot with the opportunity to progress within the company to other aircraft types such as the Airbus A320. The Cadet Pilot Training Program, which will accept its first intake of candidates towards the end of 2010 aims to promote careers in aviation to Western Australians. The program will be offered to candidates with little or no flying experience who meet the Skywest Airlines requirements for aptitude, attitude and motivation to enter the comprehensive training program.

"We are very excited about the program at Skywest and the opportunity that it will provide to local Western Australians to become involved in a local based company where our motto is Your State – Your Airline" said Jeff Chatfield, Executive Chairman.

Cadet applications will be made available later in 2010 through our partners at Altara Training.
