Skywest is the major airline servicing all major airports and population centres of Western Australia. Skywest's operational base is in Perth, Western Australia with a substantial airline network across the state. Skywest is pleased to announce a new extension to its codeshare agreement with the Virgin Blue Group.

Effective immediately Virgin Blue guests can book on six (6) additional Skywest destinations: applicable for travel from the 1st of December Virgin Blue guests will enjoy access to Skywest Airlines operated aircraft on an expanded network across Western Australia. Additional destinations include Perth to/from Albany, Esperance, Geraldton, Exmouth, Monkey Mia and Carnarvon.

As a consequence of the terms of the Memorandum of Understanding agreed on the 20th July 2010 both companies will continue to explore opportunities to work closer together, subject to obtaining any necessary regulatory approvals.

Current Skywest ports already covered under codeshare agreements include Broome, Kununurra, Karratha and Kalgoorlie.

Skywest Airlines Chief Executive Officer Mark Shelton said "We're delighted that our codeshare agreement with Virgin Blue has been expanded to include additional routes in Western Australia.
